

# City of Angels

Prep Exercise

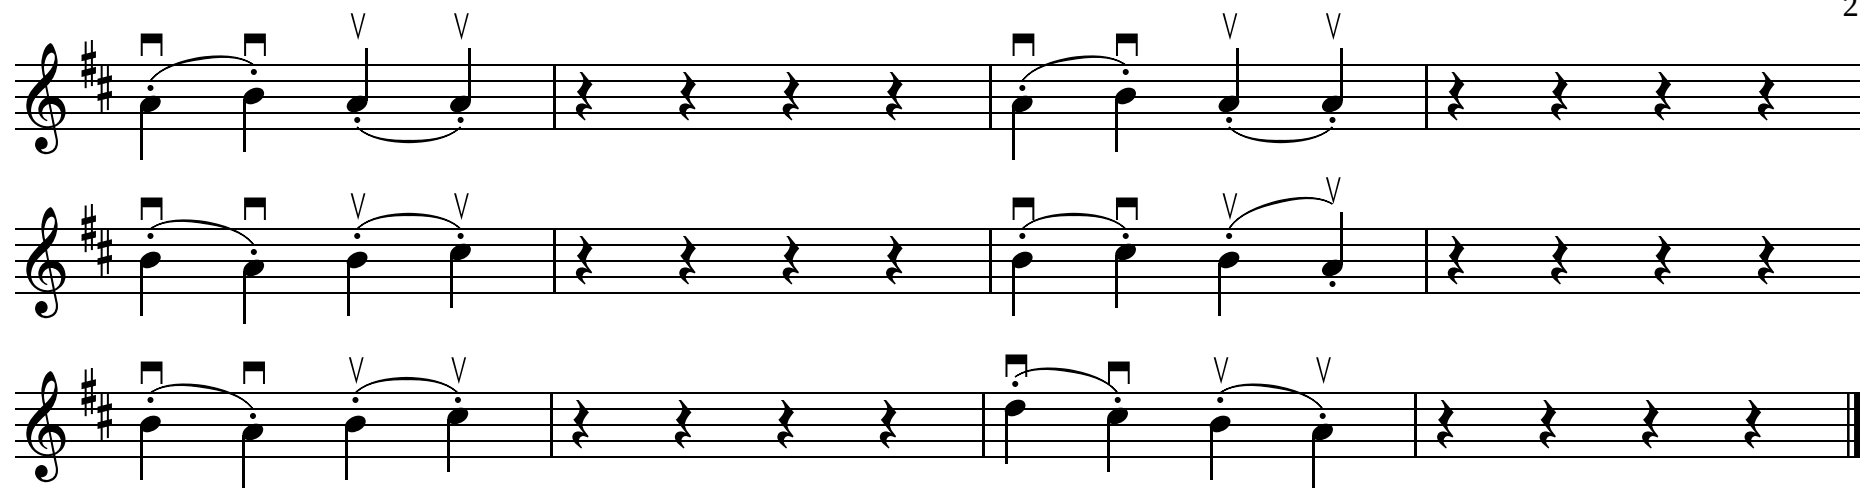

Listen to the track without playing first.  
Can you hear how the bow moves fast and short?

Try to match with your bow!

When you have this down, move on to the piece on page 2!

**Play along with the "City of Angels" audio track**

Now we'll add in a few extra pitches. Still concentrate on using short, crisp bows for every quarter note, like you did on page 1!

**Play along with the "City of Angels" audio track**
